DSSP GLOBAL LIMITED

REPORT OF THE DIRECTORS

The directors present their annual report and the annual audited consolidated financial statements of the Group for the year ended March 31, 2020.

PRINCIPAL ACTIVITIES

The principal activities of the Company are investment holding and sampling trading. The principal activity of subsidiary is set out in Note (20a) to the consolidated financial statements.

FINANCIAL STATEMENTS AND APPROPRIATIONS

The financial performance of the Company and its subsidiary (the "Group") for the year ended March 31, 2020 and the financial position of the Group are set out in the consolidated financial statement on pages 7 to 9.

The directors do not recommend the payment of any dividend for the year.

PROPERTY, PLANT AND EQUIPMENT

Details of movements during the year in property, plant and equipment are set out in Note (11) to the consolidated financial statements.

SHARE CAPITAL

Details of share capital of the Group are set out in Note (19) to the consolidated financial statements.

DIRECTORS

(a) Directors of the Company

The directors of the Company during the year and up to the date of this report were as follow:

Deepak Kumar SETH
Pulkit SETH
Sweta AGARWAL

There being no provision in the Company's Articles of Association to the contrary, all directors continue in office for the ensuing year.

(b) Directors of the Company's subsidiary

During the year and up to date of this report, Deepak Kumar SETH, Pulkit SETH and Amit KUMAR are the directors of the subsidiary of the Company.

DSSP GLOBAL LIMITED
REPORT OF THE DIRECTORS (CONT'D)

MATERIAL INTERESTS IN TRANSACTIONS, ARRANGEMENTS OR CONTRACTS

Except for the related party transactions as disclosed in Note (23) to the consolidated financial statements, no transactions, arrangements or contracts of significance to which the Company's immediate holding companies, subsidiary or fellow subsidiaries was a party and in which a director of the Company or an entity connected with a director had a material interest, whether directly or indirectly, subsisted during or at the end of the financial year.

ARRANGEMENTS TO PURCHASE SHARES OR DEBENTURES

At no time during the year was the Company, its immediate holding company or fellow subsidiaries, a party to any arrangements to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

MANAGEMENT CONTRACTS

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company or its subsidiary were entered into or existed during the year.

PERMITTED INDEMNITY PROVISION

A permitted indemnity provision for the benefit of the directors was in force during the year and up to the date of this report.

BUSINESS REVIEW

No business review is presented as the Group has been able to claim an exemption under section 388(3) of the Hong Kong Companies Ordinance (Cap. 622) since it is a wholly owned subsidiary of another body corporate, as at the reporting date.

AUDITORS

The Group's auditors, Messrs. Louis Lai & Luk CPA Limited, retire and, being eligible, offer themselves for re-appointment.

On behalf of the Board

Deepak Kumar SETH
Chairman

Hong Kong, June 26, 2020.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBER OF
DSSP GLOBAL LIMITED
(incorporated in Hong Kong with limited liability)**

Qualified Opinion

We have audited the consolidated financial statements of DSSP Global Limited (the "Company") and its subsidiary ("the Group") set out on pages 7 to 46, which comprise the consolidated statement of financial position as at March 31, 2020, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at March 31, 2020, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for Qualified Opinion

No physical counting against inventories and additional tangible assets as at March 31, 2020 was conducted by the component auditor for the subsidiary at the end of the reporting period due to the lockdown in Jakarta during the outbreak of COVID-19 and no any other alternatives have been performed. In consequence we were unable to carry out auditing procedures necessary to obtain adequate assurance regarding the quantities and condition of inventories, appearing in the consolidated statement of financial position in the amount of US\$3,372,199. There were no other satisfactory auditing procedures that we could adopt to obtain sufficient evidence regarding the existence and valuation of inventories.

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

INDEPENDENT AUDITOR'S REPORT (CONT'D)
TO THE MEMBER OF
DSSP GLOBAL LIMITED
(incorporated in Hong Kong with limited liability)

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The directors are responsible for the other information. The other information comprises the information included in the directors' report but does not include the consolidated financial statements and our auditor's report thereon. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors and Those Charged with Governance for the Consolidated Financial Statements

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

INDEPENDENT AUDITOR'S REPORT (CONT'D)
TO THE MEMBER OF
DSSP GLOBAL LIMITED
(incorporated in Hong Kong with limited liability)

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance (Cap.622) and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements (Cont'd)

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. GENERAL

DSSP Global Limited ("the Company") is a company incorporated in Hong Kong with limited liability. Its principal activities are investment holding and sampling trading. The address of its registered office is Room 1801, 18/F., Kimberland Centre, No. 55 Wing Hong Street, Cheung Sha Wan, Kowloon. The directors consider that the ultimate holding company and immediate holding company are Pearl Global Industries Limited and Pearl Global (HK) Limited respectively. The ultimate holding company and immediate holding company are respectively incorporated in India and Hong Kong. The shares of the ultimate holding company are listed on the Bombay Stock Exchange and National Stock Exchange in India.

2. PRINCIPAL ACCOUNTING POLICIES

a. Basis of Preparation

These consolidated financial statements have been prepared in accordance with the Hong Kong Financial Reporting Standards ("HKFRSs") (which also include Hong Kong Accounting Standards ("HKASs") and Interpretations ("Int(s)")) issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), accounting principles generally accepted in Hong Kong and the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared under the historical cost convention and are presented in United States Dollars ("US\$"), which is also the Group's functional and presentation currency.

The preparation of consolidated financial statements in conformity with HKFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note (4) to the consolidated financial statements.

b. Changes in Accounting Policies and Disclosures

The Group has applied the following new and amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") for the first time in the current year:

- (i) HKFRS 16, *Leases*
- (ii) HK(IFRIC)-Int 23, *Uncertainty over Income Tax Treatments*
- (iii) Amendments to HKFRS 9, *Prepayment Features with Negative Compensation*
- (iv) Amendments to HKAS 19, *Plan Amendment, Curtailment or Settlement*
- (v) Amendments to HKAS 28, *Long-term Interests in Associates and Joint Ventures*
- (vi) Amendments to HKFRSs *Annual Improvements to HKFRSs 2015-2017 Cycle*

Except as described below, the application of the new and amendments to HKFRSs in the current year has had no material impact on the Group's financial positions and performance for the current and prior years and/or on the disclosures set out in these financial statements.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

b. Changes in Accounting Policies and Disclosures (Cont'd)

HKFRS 16 Leases

The Group has applied HKFRS 16 for the first time in the current year. HKFRS 16 superseded HKAS 17 Leases ("HKAS 17"), and the related interpretations.

Definition of a lease

The Group has elected the practical expedient to apply HKFRS 16 to contracts that were previously identified as leases applying HKAS 17 and HK(IFRIC)-Int 4 Determining whether an Arrangement contains a Lease and not apply this standard to contracts that were not previously identified as containing a lease. Therefore, the Group has not reassessed contracts which already existed prior to the date of initial application.

For contracts entered into or modified on or after April 1, 2019, the Group applies the definition of a lease in accordance with the requirements set out in HKFRS 16 in assessing whether a contract contains a lease.

As a lessee

The Group has applied HKFRS 16 retrospectively with the cumulative effect recognised at the date of initial application, April 1, 2019.

As at April 1, 2019, the Group recognised additional lease liabilities and right-of-use assets at amounts equal to the related lease liabilities adjusted by any prepaid or accrued lease payments by applying HKFRS 16.C8(b)(ii) transition. Any difference at the date of initial application is recognised in the opening retained profits and comparative information has not been restated.

When applying the modified retrospective approach under HKFRS 16 at transition, the Group applied the following practical expedients to leases previously classified as operating leases under HKAS 17, on lease-by-lease basis, to the extent relevant to the respective lease contracts:

- i. relied on the assessment of whether leases are onerous by applying HKAS 37 Provisions, Contingent Liabilities and Contingent Assets as an alternative of impairment review;
- ii. elected not to recognise right-of-use assets and lease liabilities for leases with lease term ends within 12 months of the date of initial application;
- iii. excluded initial direct costs from measuring the right-of-use assets at the date of initial application;
- iv. applied a single discount rate to a portfolio of leases with a similar remaining terms for similar class of underlying assets in similar economic environment. Specifically, discount rate for certain leases of BD office was determined on a portfolio basis; and
- v. used hindsight based on facts and circumstances as at date of initial application in determining the lease term for the Group's leases with extension and termination options.

DSSP GLOBAL LIMITED

b. Changes in Accounting Policies and Disclosures (Cont'd)

Financial impact of initial application of HKFRS 16

The Group elected not to recognize the right-of-use assets and lease liabilities for the leases previously classified as operating lease under HKFRS 17 as at April 1, 2019 which are ended within 12 months of the date of the initial application when applying the modified retrospective approach under HKFRS 16. Hence, there is no financial impact of initial application of HKFRS 16.

c. Basis of Consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiary made up to March 31, 2020. Subsidiary is an entity over which the Group has control. Control is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group has control.

Subsidiary is consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date the control ceases.

The gain or loss on disposal of a subsidiary that results in a loss of control represents the difference between (i) the fair value of the consideration of the sale plus the fair value of any investment retained in that subsidiary and (ii) the Company's share of the net assets of that subsidiary plus any remaining goodwill relating to that subsidiary and any related accumulated foreign currency translation reserve.

Intragroup transactions, balance and unrealised profits are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of subsidiary have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests represent the equity in a subsidiary not attributable directly or indirectly to the Company, and in respect of which the Group has not agreed any additional terms with the holders of those interests which would result in the Group as a whole having a contractual obligation in respect of those interests that meets the definition of a financial liability. For each business combination, the Group can elect to measure any non-controlling interests either at fair value or at their proportionate share of the subsidiary's net identifiable assets.

Non-controlling interests are presented in the consolidated statement of financial position within equity, separately from equity attributable to the shareholders of the Company. Non-controlling interests in the results of the Group are presented on the face of the consolidated statement of profit or loss and other comprehensive income as an allocation of the total profit or loss and total comprehensive income for the year between non controlling interests and the shareholders of the Company.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

c. Basis of Consolidation (Cont'd)

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions, whereby adjustments are made to the amounts of the controlling and non-controlling interests within consolidated equity to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest are adjusted and the fair value of the consideration paid or received recognised directly in equity and attributed to the owners of the Company.

In the Company's statement of financial position, the interest in a subsidiary is stated at cost less allowance for impairment losses. The results of subsidiary is accounted for by the Company on the basis of dividends received and receivable.

d. Property, Plant and Equipment

Property, plant and equipment except land and construction in progress, are stated at cost less accumulated depreciation and accumulated identified impairment loss, if any.

Depreciation is provided to write off the cost less residual value of property, plant and equipment over its expected useful lives.

Infrastructures	5 years
Machineries	5 years
Furniture and fixtures	5 years
Motor vehicles	5 years
Tools and equipment	3 - 5 years

Land is stated at cost and not depreciated. Land titles represent building usage rights of Taman Pasadenia Apartment at Jakarta ("Hak Milik atas Satuan Rumah Susun") for a maximum period of 20 years and could be extended.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

When assets are sold or otherwise disposed of, their carrying amounts are written off from the consolidated financial statements and any resulting gain or loss is included in the consolidated statement of profit or loss and other comprehensive income.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

e. Leases

(A) Upon application of HKFRS 16 in accordance with transitions in note 2b

Definition of a lease

Lease is a contract contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For contracts entered into or modified or arising from business combinations on or after the date of initial application, the Group assesses whether a contract is or contains a lease based on the definition under IFRS 16 at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

The Group as lessee

Allocation of consideration to components of a contract

For a contract that contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Group also applies practical expedient not to separate non-lease components from lease component, and instead account for the lease component and any associated nonlease components as a single lease component.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. It also applies the recognition exemption for lease of low-value assets. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis or another systematic basis over the lease term.

Right-of-use assets

The cost of right-of-use asset includes:

- the amount of the initial measurement of the lease liability;
- any lease payments made at or before the commencement date, less any lease incentives received;
- any initial direct costs incurred by the Group; and
- an estimate of costs to be incurred by the Group in dismantling and removing the underlying assets, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

e. Leases (Cont'd)

(A) Upon application of HKFRS 16 in accordance with transitions in note 2b (Cont'd)

Definition of a lease (Cont'd)

The Group as lessee (Cont'd)

Right-of-use assets (Cont'd)

Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

Right-of-use assets in which the Group is reasonably certain to obtain ownership of the underlying leased assets at the end of the lease term are depreciated from commencement date to the end of the useful life. Otherwise, right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

The Group presents right-of-use assets as a separate line item on the consolidated statement of financial position.

Refundable rental deposits

Refundable rental deposits paid are accounted under HKFRS 9 Financial Instruments ("HKFRS 9") and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

Lease liabilities

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

Lease payments included in the measurement of the lease liability comprise:

- fixed lease payments (including in-substance fixed payments), less any lease incentives receivable;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- the exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

After the commencement date, lease liabilities are adjusted by interest accretion and lease payments.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

e. Leases (Cont'd)

(A) Upon application of HKFRS 16 in accordance with transitions in note 2b (Cont'd)

Definition of a lease (Cont'd)

The Group as lessee (Cont'd)

Lease liabilities (Cont'd)

The Group remeasures lease liabilities (and makes a corresponding adjustment to the related right-of-use assets) whenever:

- the lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the related lease liability is remeasured by discounting the revised lease payments using a revised discount rate at the date of reassessment.
- the lease payments change due to changes in market rental rates following a market rent review/expected payment under a guaranteed residual value, in which cases the related lease liability is remeasured by discounting the revised lease payments using the initial discount rate.

The lease liabilities are presented as a separate line in the consolidated statement of financial position.

Lease modifications

The Group accounts for a lease modification as a separate lease if:

- the modification increases the scope of the lease by adding the right to use one or more underlying assets; and
- the consideration for the leases increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

For a lease modification that is not accounted for as a separate lease, the Group remeasures the lease liability based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The Group accounts for the remeasurement of lease liabilities by making corresponding adjustments to the relevant right-of-use asset. When the modified contract contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the modified contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

e. Leases (Cont'd)

(B) Prior to April 1, 2019

Leases are classified as finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Group as lessee

Operating lease payments are recognised as an expense on a straight-line basis over the lease term, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in profit or loss, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Group's general policy on borrowing costs (see the accounting policy below). Contingent rentals are recognised as expenses in the periods in which they are incurred.

f. Financial Instruments

(i) **Financial assets**

A financial asset (unless it is a trade receivable without a significant financing component) is initially measured at fair value plus, for an item not at fair value through profit or loss ("FVTPL"), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the market place.

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset.

The Group's financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets at amortised cost are subsequently measured using the effective interest rate method. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain on derecognition is recognised in profit or loss.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

f. Financial Instruments (Cont'd)

(ii) Impairment loss on financial assets

The Group recognises loss allowances for expected credit loss ("ECLs") on trade receivables and financial assets measured at amortised cost. The ECLs are measured on either of the following bases:

- (1) 12 months ECLs: these are the ECLs that result from possible default events within the 12 months after the reporting date; and
- (2) lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive. The shortfall is then discounted at an approximation to the assets' original effective interest rate.

The Group has elected to measure loss allowances for trade receivables using HKFRS 9 simplified approach and has calculated ECLs based on lifetime ECLs. The Group has established a provision matrix that is based on the Group's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For other debt financial assets, the ECLs are based on the 12 months ECLs. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

Interest income on credit-impaired financial assets is calculated based on the amortised cost (i.e. the gross carrying amount less loss allowance) of the financial asset. For non credit-impaired financial assets interest income is calculated based on the gross carrying amount.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

f. Financial Instruments (Cont'd)

(iii) Financial liabilities

The Group's financial liabilities are initially measured at fair value, net of directly attributable cost incurred and are subsequently measured at amortised cost, using the effective interest method. The related interest expense is recognised in profit or loss.

Gains or losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process.

(iv) Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial asset or liability, or where appropriate, a shorter period.

(v) Derecognition

The Group derecognises a financial asset when the contractual rights to the future cash flows in relation to the financial asset expire or when the financial asset has been transferred and the transfer meets the criteria for derecognition in accordance with HKFRS 9/HKAS 39.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires.

(vi) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

g. Impairment of Non-Financial Assets

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than inventories, financial assets and non-current assets), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to the statement of profit or loss in the period in which it arises in those expense categories consistent with the function of the impaired asset.

An assessment is made at the end of each reporting period as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to the statement of profit or loss in the period in which it arises, (only if there are revalued assets in the consolidated financial statements) unless the asset is carried at a revalued amount, in which case the reversal of the impairment loss is accounted for in accordance with the relevant accounting policy for that revalued asset.

h. Inventories

Inventories are stated at the lower of cost or net realizable value. Cost is determined using the weighted average method.

i. Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

j. Translation of Foreign Currency

(i) Functional and presentation currency

Items included in the consolidated financial statements of the Group are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The consolidated financial statements are presented in United States Dollars ("US\$"), which is the Group's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the consolidated statement of profit or loss and other comprehensive income.

k. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the consolidated statement of profit or loss and other comprehensive income because it excludes items of income and expense that are taxable or deductible in other years, and it further excludes items that are never taxable and deductible.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition of specific assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised.

Deferred tax, if material, is charged or credited in the consolidated statement of profit or loss and other comprehensive income.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

1. Revenue Recognition

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services, excluding those amounts collected on behalf of third parties. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

Depending on the terms of the contract and the laws that apply to the contract, control of the goods or service may be transferred over time or at a point in time. Control of the goods or service is transferred over time if the Group's performance:

- provides all of the benefits received and consumed simultaneously by the customer;
- creates or enhances an asset that the customer controls as the Group performs; or
- does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

If control of the goods or services transfers over time, revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation. Otherwise, revenue is recognised at a point in time when the customer obtains control of the goods or service.

When the contract contains a financing component which provides the customer a significant benefit of financing the transfer of goods or services to the customer for more than one year, revenue is measured at the present value of the amounts receivable, discounted using the discount rate that would be reflected in a separate financing transaction between the Group and the customer at contract inception. Where the contract contains a financing component which provides a significant financing benefit to the Group, revenue recognised under that contract includes the interest expense accreted on the contract liability under the effective interest method. For contracts where the period between the payment and the transfer of the promised goods or services is one year or less, the transaction price is not adjusted for the effects of a significant financing component, using the practical expedient in HKFRS 15.

(i) Sales of goods

Revenue from sales of goods is recognised when the customers have obtained control of the goods, being when the goods are delivered to the respective customers' specific locations and have been accepted by the customers, and the corresponding trade receivable are recognised as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due. There is generally only one performance obligation.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

m. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

n. Bank Borrowings

Interest bearing bank loans and overdrafts are initially measured as fair value, and are subsequently measured at amortized cost, using the effective interest rate method. Any difference between the proceeds (net of transaction costs, if any) and the settlement or redemption of borrowings is recognised over the terms of borrowings in accordance with the Group's policy for borrowing cost as stated in the preceding note.

o. Retirement Benefit Costs

The Group's contributions to the mandatory provident fund scheme are charged to the consolidated statement of profit or loss and other comprehensive income as incurred.

The Group's employees who have completed the required number of years of service to the Group are eligible for long service payments in the event of the termination of their employment.

A provision is recognised in respect of the probable future long service payments expected to be made. The provision is based on the best estimate of the probable future payments which have been earned by the employees from their service to the Group to the end of reporting period.

p. Employee Benefits Obligation

The Group determines its post-employment benefits obligation under the Labor Law of the Republic of Indonesia No. 13/2003. The cost of providing post-employment benefits is determined using "Projected Unit Credit" method. Actuarial gains or losses are recognized as income or expense when the net cumulative unrecognized actuarial gains and losses at the end of the previous reporting year exceeded the higher of 10% of the defined benefit obligation and 10% of the fair value of plan assets at that date. These gains or losses are recognized on a straight-line basis method over the expected average remaining working lives of the employees. Past service cost arising from the introduction of a defined benefit plan or changes in the benefits obligation of an existing plan are required to be amortized over the period until the benefits concerned become vested.

2. PRINCIPAL ACCOUNTING POLICIES (CONT'D)

q. Related Parties

A related party is a person or entity that is related to the Group.

(A) A person or a close member of that person's family is related to the Group if that person:

- (i) has control or joint control over the Group;
- (ii) has significant influence over the Group; or
- (iii) is a member of the key management personnel of the Group or a parent of the Group.

(B) An entity is related to the Group if any of the following conditions applies:

- (i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
- (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
- (iii) Both entities are joint ventures of the same third party.
- (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
- (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group. If the Group is itself such a plan, the sponsoring employers are also related to the Group.
- (vi) The entity is controlled or jointly controlled by a person identified in (A).
- (vii) A person identified in (A)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
- (viii) The entity, or any member of a group of which it is a part, provide key management personnel services to the Group or to the Group's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include:

- (i) that person's children and spouse or domestic partner;
- (ii) children of that person's spouse or domestic partner; and
- (iii) dependants of that person or that person's spouse or domestic partner.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

3. CAPITAL MANAGEMENT

The Group's objectives when managing capital are:

- (i) To safeguard the Group's ability to continue as a going concern, so that it continues to provide returns for shareholders and benefits for other stakeholders;
- (ii) To support the Group's stability and growth; and
- (iii) To provide capital for the purpose of strengthening the Group's risk management capability.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions. The Group actively and regularly reviews and manages its capital structure to ensure optimal capital structure and shareholder returns, taking into consideration the future capital requirements of the Group. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt. No changes in the objectives, policies or processes for managing capital were made during the years ended March 31, 2020 and March 31, 2019.

4. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and their accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

Judgements

In the process of applying the Group's accounting policies, management has made the following judgements, apart from those involving estimations, which have the most significant effect on the amounts recognised in the financial statements:

Revenue from contracts with customers

The Group assesses its revenue arrangements against specific criteria, i.e. whether it has exposure to the significant risks and rewards associated with the sale of goods & rendering of services, in order to determine if it is acting as a principal or as an agent. The Group has concluded that it is operating on a principal to principal basis in all its revenue arrangements.

The Group applies judgement to determine whether each product or service promised to a customer are capable of being distinct, and are distinct in the context of contract, if not the promised services are combined and accounted as a single performance obligation.

For performance obligation where control is transferred over the time, revenues are recognised by measuring progress towards completion of the performance obligation. The selection of the method to measure progress towards completion requires judgement and is based on the nature of the promised service to be rendered.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

4. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (CONT'D)

Provision for expected credit loss on trade receivables

The Group uses a provision matrix to calculate ECLs for trade receivables. The provision matrix calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

Depreciation on plant and equipment

Depreciation on the Group's plant and equipment is calculated using the straight-line method to allocate cost up to residual values over the estimated useful lives of the assets. Management reviews the useful lives and residual values periodically to ensure that the method and rate of depreciation are consistent with the expected pattern of realisation of economic benefits rates of depreciation are consistent with the expected pattern of realization of economic benefits from plant and equipment. The accounting estimate of the useful lives of plant and equipment is based on historical experience, taking into account anticipated technological changes.

General banking facilities granted by the bank were secured by bank accounts, machineries and equipment, inventories, trade receivables, ultimate holding company's and fellow subsidiaries' corporate guarantee and directors' personal guarantee.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

22. FINANCE INSTRUMENTS

Risk management

The Company is exposed to financial risks through its use of financial instruments in its ordinary course of operations and in its investment activities. The financial risks include credit risk, foreign currency risk, liquidity risk and interest rate risk.

Policies for managing these risks are set by the Company's board of directors. The overall objectives in managing financial risks focus on securing the Company's short to medium term cash flows by minimising its exposure to financial markets. Long term financial investments are managed to generate lasting returns with acceptable risk levels.

It is not the Company's policy to actively engage in the trading of financial instruments for speculative purposes.

(a) Categories of financial assets and financial liabilities

The carrying amounts presented in the statement of financial position relate to the following categories of financial assets and financial liabilities.

	<u>2020</u>	<u>2019</u>
	US\$	US\$
Financial assets		
Financial assets measured as amortised cost		
Trade and other receivables	5,465,117	6,914,183

	<u>7,827,685</u>	<u>9,382,324</u>

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

22. FINANCE INSTRUMENTS (CONT'D)

(b) Credit risks

Credit risk refers to the risk that the counterparty to a financial instrument would fail to discharge its obligation under the terms of the financial instrument and cause a financial loss to the Company. The Company's exposure to credit risk mainly arises from granting credit to customers and other counterparties in the ordinary course of its operations.

Trade receivables

Individual credit evaluations are performed on all customers requiring credit over a certain amount. These evaluations focus on the customer's past history of making payments when due and current ability to pay, and take into account information specific to the customer as well as pertaining to the economic environment in which the customer operates. Trade receivables are usually due within 30-90 days from the date of billing. Debtors with balances that are past due are usually requested to settle all outstanding balances before any further credit is granted. Normally, the Group does not obtain collateral from customers. Trade receivables at the reporting date mainly comprise amounts receivable from sales of goods. No interest is charged on the trade receivables.

The Group measures loss allowances for trade receivables at an amount equal to lifetime ECLs, which is calculated using a provision matrix. As the Group's historical credit loss experience does not indicate significantly different loss patterns for different customer segments, the loss allowance based on past due status is not further distinguished between the Group's different customer bases.

The directors of the Group are on the opinion that the expected credit loss rate is close to zero as these trade receivables have no recent history of default.

Expected loss rates are based on actual loss experience over the past one year. These rates are adjusted to reflect differences between economic conditions during the period over which the historic data has been collected, current conditions and the Company's view of economic conditions over the expected lives of the receivables.

After performing the individual credit evaluations on all customers, no provision for impairment on trade receivables during the year.

Other financial assets at amortised cost

As at March 31, 2020, in addition to the cash and bank balances which are considered to have low credit risk, other financial assets at amortised cost of the Company include other receivables and deposits. No provision was made against the gross amount of other receivables, deposits and cash and bank balances because the directors of the Company considered the impact of the ECLs of these financial assets to be insignificant based on past credit history and the nature of these financial assets.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

22. FINANCE INSTRUMENTS (CONT'D)

(c) Foreign currency risk

The Group operates internationally and is primarily exposed to foreign exchange risk arising from currency exposures of the United States dollars, with respect to the Hong Kong dollar. The Group will monitor its foreign currency exposure closely and will consider hedging significant foreign currency exposure should the need arise.

(i) Exposure to currency risk

The following table details the Group's exposure at the end of reporting period to currency risk arising from forecast transactions or recognised assets or liabilities denominated in a currency other than the functional currency of the entity to which they related.

<u>2020</u> (Expressed in US\$)					
	HKD	IDR	GBP	SGD	Total
Trade and other receivables	2,733	-	-	-	2,733
Cash and cash equivalents	29,469	344,781	135	19	374,404
Trade and other payables	<u>(54,771)</u>	<u>(239,697)</u>	<u>-</u>	<u>-</u>	<u>(294,468)</u>
Net exposure arising from recognised assets and liabilities	<u>(22,569)</u>	<u>105,084</u>	<u>135</u>	<u>19</u>	<u>82,669</u>
<u>2019</u> (Expressed in US\$)					
	HKD	IDR	GBP	SGD	Total
Trade and other receivables	3,568	-	-	-	3,568
Cash and cash equivalents	127,639	255,585	143	20	383,387
Trade and other payables	<u>(94,949)</u>	<u>(368,956)</u>	<u>-</u>	<u>-</u>	<u>(463,905)</u>
Net exposure arising from recognised assets and liabilities	<u>36,258</u>	<u>(113,371)</u>	<u>143</u>	<u>20</u>	<u>(76,950)</u>

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

22. FINANCE INSTRUMENTS (CONT'D)

(c) Foreign currency risk (Cont'd)

(ii) Sensitivity analysis

The following table indicates the approximate change in the Group's profit after tax in response to reasonably possible changes (e.g.±10%) in the foreign exchange rates to which the Group has significant exposure at the end of reporting period.

	<u>2020</u>		<u>2019</u>	
	<u>Increase</u>	<u>Decrease</u>	<u>Increase</u>	<u>Decrease</u>
	US\$	US\$	US\$	US\$
Hong Kong Dollar (HKD)	-	-	-	-
Indonesian Rupiah (IDR)	8,775	(8,775)	9,466	(9,466)
British Pound (GBP)	11	(11)	12	(12)
Singapore Dollar (SGD)	<u>2</u>	<u>(2)</u>	<u>2</u>	<u>(2)</u>
	<u>8,788</u>	<u>(8,788)</u>	<u>9,480</u>	<u>(9,480)</u>

The sensitivity analysis has been determined assuming that the change in foreign exchange rates had occurred at the end of reporting period and had been applied to the Group's exposure to currency risk for the variables.

The stated changes represent Management's assessment of reasonably possible change in foreign exchange rates over the period until the end of next annual reporting period. In this respect, it is assumed that the pegged rate between the Hong Kong dollar and the United States dollar would be materially unaffected by any change in movement in value of the United States dollar against other currencies. Results of the analysis as presented in the above table represent an aggregation of the effects on Group's profit after tax and equity measured in the respective functional currencies, translated into Hong Kong dollars at the exchange rate ruling at the end of reporting period for presentation purposes. The analysis is performed on the same basis for 2019.

(d) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash. Due to the dynamic nature of the underlying businesses, the Group aims to maintain flexibility in funding by keeping committed credit lines available.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

22. FINANCE INSTRUMENTS (CONT'D)

(e) Interest rate risk

The Group has no significant interest bearing assets except secured bank borrowings. Its expenses and operating cash flows are substantially independent of changes in market interest rates. Carrying amounts of net financial liabilities as at March 31 that exposed to interest rate risks were as follows:

	<u>2020</u>	<u>2019</u>
	US\$	US\$
<i>Financial assets bearing variable interests:</i>		
Cash and cash equivalents	541,847	518,848
<i>Financial liabilities bearing variable interests:</i>		
Secured bank borrowings	<u>(3,550,263)</u>	<u>(4,987,929)</u>
	<u>(3,008,416)</u>	<u>(4,469,081)</u>

Sensitivity analysis

At March 31, 2020, it is estimated that a general increase/decrease of 100 basis points in interest rate, with all other variables held constant, interest income and profit before taxation for the year ended March 31, 2020 would increase/decrease by a net amount of US\$30,084 (2019: US\$44,691). The carrying amount of financial asset/liability measured at amortized cost and the carrying amount of financial asset/liability bearing interest rate measured at fair value would not be affected by the assumed 100 basis points increase/decrease in interest rate.

Although a financial asset or financial liability may be subject to interest rate risk, its carrying amount may not necessarily be affected by the assumed 100 basis points increase in market interest rates.

DSSP GLOBAL LIMITED

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

23. RELATED PARTY TRANSACTIONS

During normal course of business, the Group had the following material transactions with its related parties:

<u>Name of Company</u>	<u>Relationship</u>	<u>Nature of transaction</u>	<u>2020</u>	<u>2019</u>
			US\$	US\$

24. POSSIBLE IMPACT OF AMENDMENTS, NEW STANDARDS AND INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE FOR THE YEAR ENDED MARCH 31, 2020

Up to the date of issue of these consolidation financial statements, the HKICPA has issued a number of amendments, new standards and interpretations which are not yet effective for the yearended March 31, 2020 and which have not been adopted in these consolidation financial statements. These include the following which may be relevant to the Group.

	Effective for accounting periods beginning on or after
Amendments to HKFRS 3, <i>Definition of a Business</i>	January 1, 2020
Amendments to HKAS 1 and HKAS 8, <i>Definition of Material</i>	January 1, 2020
Amendments to HKFRS 9, HKAS 39 and HKFRS 7, <i>Interest Rate Benchmark Reform</i>	January 1, 2020
Amendments to HKFRS 17, <i>Insurance Contracts</i>	January 1, 2021
Amendments to HKFRS 10 and HKAS 28, <i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i>	Effective for annual periods beginning on or after a date to be determined

The Group is in the process of making an assessment of what the impact of these amendments, new standards and interpretations is expected to be in the period of initial application.
