S.No.	Particulars	Disclosures
1.	Impact of the CoVID-19 pandemic on the business	The Company's manufacturing facilities remained shut from March 23, 2020 due to lockdown and partially re-opened w.e.f. May 04, 2020, which has impacted its operations during April and May' 2020. Some of the Company's pending orders are on hold as per requirements of buyers. However, upon opening of factories we are in process of dispatch of some of our export orders to USA and Europe.
2.	Ability to maintain operations including the factories/units/office spaces functioning and closed down;	The Company has restarted operations with some of factories considering order book and available workforce, since May 04, 2020, adhering to the safety norms prescribed by Government of India.
3.	Schedule, if any, for restarting the operations	
4.	Steps taken to ensure smooth functioning of operations	The Company is taking utmost care of its staff and work force like sanitisation, social distancing, mandatory mask wearing, thermal check at the gate, maintaining proper hygiene. Supply chain is being monitored to ensure availability of material. We have taken cash flow, capital expenditure and overhead control measures to smoothly manage our operations.
5.	Estimation of the future impact of CoVID-19 on its operations	April – June' 2020 being lockdown months, the revenues and profitability of the Company are likely to be adversely impacted. As the business situation is very dynamic, the company is closely monitoring it. Though we do hope the business situation should normalise during 3 rd and 4 th quarter.
6.	Details of impact of CoVID-19 on listed entity's:-	
6.1	capital and financial resources	The Company's capital and Banking facilities remain intact. There are no liquidity concerns as we have sufficient unutilised Banking limits available. 6.3	liquidity position	As explained above, there are no liquidity concerns as we have sufficient Banking limits available. Further Banks have offered additional limits. Though the cash position is challenging, with our limits and tight control over expenditure, the company will be able to serve its debt and other financing arrangement.
